Wednesday, 5th March 2025

Dear Parent/Guardian,

Silly Science Workshop 12th March 2025

As you may be aware, we will be celebrating British Science Week next week.

We have a variety of fun, exciting and enriching opportunities for your children to get involved with in school. **One opportunity will be the “Silly Science” workshops that will be taking place for both KS1 and KS2.** These workshops are facilitated by the Education Group and are linked to the national curriculum. The aim is to increase children’s engagement with Science learning.

Education Group’s Science workshops hope to be extremely engaging and enjoyable for our children. The science behind the experiments that children will experience is based upon the National Curriculum. Children will learn about elements, why molecules bond, understand the power of pressure as well as experiencing explosions!

We are asking for a contribution of £3 per child for the cost of the day. Please log in to your child’s Scopy account to make the payment.

If you have any questions regarding this, please contact the school office.

Yours sincerely,

Mr Spencer
English lead
