Weekly Focus **Week Beginning: 5/10/2026**

RE focus this half term is 'Creation'

Focus words: **Celebration, God, Love, places to prey and our special prayer voises.** Talk about the words and what they mean.

Story Focus.

Maths

This week in Maths, we will continue to look at matching objects. We will look at Numicon, hands and shapes. We will talk about size and colour and orientation and how this makes things look different.

At home you could talk about things can be the same colour but not size, maybe look at your own cutlery are there some pieces that are the same but different sizes?

Rhyme/Song of the week

Notices

Monday –

Tuesday –

Wednesday-

Thursday -

Friday – PE (Friday morning.)

We will only be changing shoes until October, then after half term we will start to change all the children into PE kits so please can you have you PE kit ready! Thank you

As the weather is very changeable, please make sure your child has a waterproof coat or jacket with them every day.

Thank you.

😊

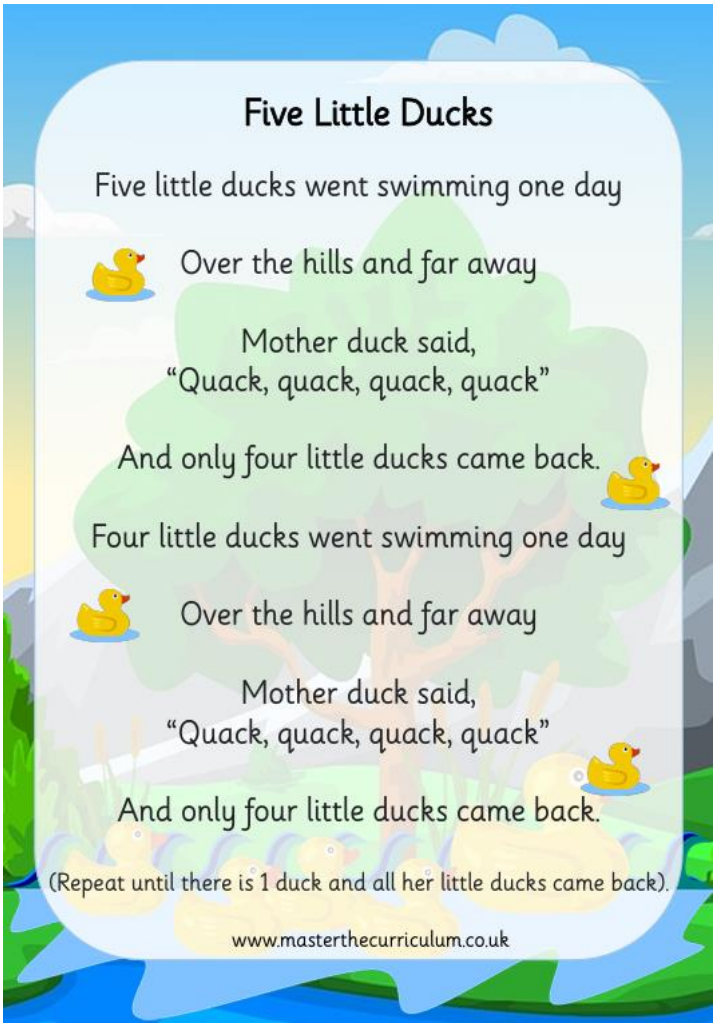

Evidence me

Your child now has an 'Evidence me' account. Please let the class teacher know if you have not had an invitation to join.

This is a good way to show parents what the children have been learning.

As a parent you are also able to post pictures of homework and weekend activities.

Thank you 😊

This week the children will…

- Start to read Brown Bear Brown Bear What Can You See.
- We are going to listen to different instruments, their sound and different ways to play them.
- We will also compare some instruments to sounds from the environment.
- Be hand printing.
- Recap with your child how to make purple, orange and green by using red, blue and yellow. Fingers crossed they remember. You could use food colouring to try it at home?
- RE. We are talking about God and the Creation. Learning how to talk to God and where we can talk to God for him to hear us.
- Recognise and begin to write their names daily in lower case letters- please encourage this at home 😊
