Health and Safety – Nut-Free School

Dear Parents and Carers,

At St Mary's, the health, safety and wellbeing of all our children are extremely important to us. We are writing to remind you that St Mary's is a nut-free school.

We do have a child in our school with a nut allergy, and exposure to nuts can cause a serious, potentially life-threatening allergic reaction. We therefore ask for your full support in ensuring that nuts of any kind must not be brought into school.

This includes all types of nuts, such as peanuts, cashews, almonds, walnuts, hazelnuts and pistachios, as well as foods containing nuts as an ingredient, for example, peanut butter, nut spreads and nut-based snacks.

Please check food packaging carefully before sending any food into school and ensure that your child does not bring nuts or products containing nuts in their packed lunch, snack box or school bag.

We appreciate that this requires care and consideration, but your cooperation is essential in helping us maintain a safe and inclusive environment for all.

Thank you for your understanding and continued support in keeping all our children safe.

Kind regards,

Mrs Statham
Head of School
