What treats did you hide? And who found the most?</p> <p>Value: 1 Credit</p>	<p>Spring Flower Spotter</p> <p>Lots of flowers start appearing in Spring. See how many of them you can spot on the ID sheet below.</p> <p>Value: 1 Credit</p>

Collect extra Children’s University credits during the Spring holidays by completing this challenge. You’ll earn credits when you take evidence to your teacher. This could be a photograph, video, worksheet, report etc. If you complete all 18 activities, you will get **FOUR BONUS CREDITS**. Get creative, earn some credits and ENJOY!

We’d love to feature some of your creations on the Staffordshire University CU page! Ask your grown-up to either send pictures to cu@staffs.ac.uk or post them to our Facebook page.

Attract butterflies to your garden
 Follow our tips and learn how to
 make a butterfly feeder

Butterfly feeder

What's the best way to tempt butterflies
 to visit your garden? Feed them of course!

What you'll need:

- 1 paper plate
- String
- Some over-ripe, rotten, mushy fruit

How to...

1. Make four holes around the rim of your plate. Make sure they're equally spaced or your feeder will be lopsided!
2. Thread a piece of string through each hole and tie them off. Now tie the four ends together above the plate.
3. Place pieces of mushy fruit like bananas and peaches onto the plate.
4. Hang it up near some flowers and wait for the butterflies to flutter by.

Top tip:
 Mushed banana
 is a big hit – try
 freezing one to
 make it turn black
 and squishy.

Are more butterflies attracted to a white plate, or a coloured one? Which fruit do they like best?

Make a marvellous mosaic!
Create a dazzling bluebell display.

Spring brings a spectacular sight to our woods – vibrant carpets of bluebells!
Make your own bluebell mosaic by cutting out squares of blue, purple and green paper, and sticking them on this outline.

**Bluebell
mosaic**

Mosaic art was very popular in Roman times when it was used to show off a person's wealth and importance!
